

Youth with Disability Award

Amber-Lee Lawrie

Amber-Lee organised a weekly wheelchair basketball event with the help of the Auckland Wheelbreakers and Halberg New Zealand.

She contributes to raising awareness of disabilities by speaking in front of the school about the wheelchair basketball event, and in particular CanTeen.

This year she has begun tutoring younger students to help them with their NCEA exams.

“Amber-Lee has made an amazing contribution towards raising awareness of disabilities, and in particular disability sport within our school.”
