

# Youth Champion Award

## Fenella Colyer

Fenella is a teacher at Manurewa High School where she has raised the profile of science, especially physics, among South Auckland students. In the past four years 51 of her students have won awards, trips, camps and competitions, and Fenella gained \$100,000 for the school in the Prime Minister's Science Teacher Award 2013.

“Fenella’s skills and passion have led to record numbers of Pasifika and Maori choosing to study physics - 43% of year 12’s. She has brought science to the community via a science fair forum, where members of public are able to view science in action.”
