

# Leadership Award

## Gina Yukich

Gina was the co-ordinator for the Aotearoa Youth Declaration 2015 conference, which provided a platform for young New Zealanders to voice their opinions on a range of public policy areas. Her leadership role in this initiative not only engaged a number of significant organisations around Auckland but also provided young people with the chance to learn more about civics education and youth advocacy.

Gina is also involved in UN Youth and volunteers for a number of causes including the P3 Foundation.

“Gina has been working tirelessly to bring the Youth Declaration to the forefront of discussion and has motivated young people to take the document to their local councils and MPs.”
