

Leadership Award

Kate Lunn

Kate is founder of internet blog site “We Are Hamilton”, which provides an unfiltered voice for Hamilton’s diverse and under-represented youth population. This has inspired many young Hamiltonians to take ownership of their community through civic participation.

Alongside her own study commitments, Kate is also deputy chair of the Hamilton Youth Council Advisory Panel, a director on the board of the Waikato Students' Union and vice president of education on the Waikato Law Students' Association.

“Kate is a very effective and passionate advocate for her peers, as well as someone who inspires people with her vision for a better future.”
